

## GRAPHITE POWDER PART NO. 16047 (10GM) 16048 (35GM)

Dynagrip Graphite powder is in a handy puff pack complete with long nose nozzle and cap to allow application into the smallest of locks.

Dynagrip Graphite powder is super-fine and this makes it ideal for delivering lubrication to surfaces around your home or office. The powder lubricant is ideal when it comes to surfaces that require unhindered sliding capabilities, such as door and window hinges, latches, and more.

Long-lasting protection and lubrication of locks, hinges, latches, cylinders and other mechanisms. Prevents locks from freezing up. Stops creaking and squeaking.

Protects against corrosion, and keeps metal surfaces free of moisture, and reducing the risk of corrosion.

### GENERAL INFORMATION

The information and data contained herein is believed to be accurate and reliable; however, it is the user's responsibility to determine suitable use. Since the supplier cannot know all the uses, or the conditions of use to which these products may be exposed, no warranties concerning the fitness or suitability for a particular use or purpose are made.

It is the user's responsibility to thoroughly test any proposed use of our products and independently conclude satisfactory performance in the application.

Likewise, if the application, product specifications or manner in which our products are used require government approval or clearance, it is the sole responsibility of the user to obtain sure authorization.

The supplier warrants only that its products will meet its specifications. There is no use, nor any other express or implied warranty. The user's exclusive remedy and the supplier's sole liability is limited to refund of the purchase price or replacement of any product when to be otherwise than as warranted. The supplier will not be liable for incidental or consequential damages of any kind.

Suggestions of uses should not be taken as inducements to infringe any patents.
